

Brendan Dell | Text Transcript | CSAHS Award Recognition 2020

Hi Stan and Jackie Bezaire and Dr. Mohan.

I'm Brendan Dell and I am starting my first year of my master's in Criminology and Criminal Justice Policy. As a recipient of the John F. Melby Honours Thesis Prize, I wanted to sincerely thank you for funding this award.

As of April, I graduated from the University of Guelph, double majoring in Criminal Justice & Public Policy and Sociology. With the great advice and feedback from Dr. Kate Puddister and Dr. Dennis Baker, I completed an honors thesis in Political Science titled "Solitary confinement litigation in Canadian courts" and I am very proud of how this project turned out.

This September I'll be starting my master's here at the University of Guelph in Criminology and Criminal Justice Policy. I look forward to conducting important and impactful research with the professors here at the university.

Thanks for your donation to this prize. This will go towards funding my master's education. Thank you again for your investment in student potential in Political Science here at the University of Guelph. It's greatly appreciated.
