

## Jessica Greenwood | Text Transcript | CSAHS Award Recognition 2020

---

Hi Lynn and Blair, my name is Jessica Greenwood. I am the recipient of the scholarship that you graciously donated to the school. Although I'm not able to meet you in person and shake your hand, I hope this video finds you well. I hope you're staying safe.

So, I've always been passionate about health promotion. I've always been interested in nutrition and that's sort of why I landed into this program: Applied Human Nutrition. I have hopes to become a registered dietitian, particularly working in rural Ontario communities with an Indigenous population.

I'm planning on going into my internship next year, meaning that I won't be able to work for a whole entire 40 weeks during the internship, as it is unpaid. I'm currently working part-time at the hospital here in Guelph just to try to save up for next year.

This scholarship really does mean a lot. It's hard to put into words the moment how I felt when I saw that I received the scholarship. I just want to thank you for believing in me and for believing in the power that I have with my education.
