

Conor Russell | Test Transcript | CSAHS Award Recognition 2020

Hi there. My name's Conor Russell and I am humbled and greatly appreciate being named recipient of the Harshman Graduate Scholarship in Food Systems. I'd like to thank the Harshman Foundation and specifically Grace Harshman for this scholarship.

I'm grateful to use the scholarship to engage my Master's thesis which I want to orient around helping farmers facing novel challenges in ever changing food systems here and abroad.

Likewise, on a personal level, by placing these funds from my academics and research I can free some of my own personal money towards helping my little sister who is just starting her first year of undergrad here at Guelph too actually, and my mother back home. So for all those things, thank you again for the scholarship and for the opportunity to express my appreciation.
