Our Vision

The mission of the CSAHS Alumni Association is to represent the interest of the members, preserve the unique traditions of our collegiate history, strengthen the Alumni-College connection, as well as support the College of Social and Applied Human Sciences and current students of the college.

What We Do

- Guide the finances of Alumni Association endowments to help support our College.
- Build and strengthen relationships with alumni.
- Distribute scholarships to ensure that students are recognized for their achievements.
- Sponsor student and alumni-centred initiatives and events.

"This scholarship has helped me to feel proud, confident, and ready for school mentally and financially. My long-term goal is to help the women who are experiencing gender-based violence and empower them. I dream of a better quality of life for everyone, and I am sure receiving this scholarship has brought me one step closer to making my biggest dream a reality."

- Mahsa Ghaffari Targhi

"By awarding me this scholarship, you are enabling me to dedicate more time to my studies. My research will focus on parent-child relationships. I hope to gain insight into different family dynamics so that I can make a positive difference in the social services sector and the services that are offered for the well-being of families."

- Amy Hujon

Testimonials
